

RT Wins Technology Fast 500 Asia Pacific 2008 Program

Close on the heels of winning the **TiE Entrepreneur Excellence Award** and **Deloitte Technology Fast 50 India 2008 Program**, RT Outsourcing Services Limited has once again stamped its class as a leading technology Services Company in India. This time the recognition has come in the form of **Technology Fast 500 Asia Pacific 2008 Program**.

The Deloitte Technology Fast 500 Asia Pacific program is aimed at honoring technology companies that have registered fastest annual revenue growth rate in Asia Pacific in the past three years. This award covers all the companies that are based in Australia, China, Hong Kong, SAR, India, Indonesia, Japan, Macau SAR, Malaysia, Philippines, New Zealand, Singapore, South Korea, Taiwan, Thailand and Vietnam.

The program is supported by the Deloitte Technology Fast 50 initiatives which rank high growth technology companies by location or specifically defined geographic area and is sponsored by Deloitte's Technology, Media & Telecommunications (TMT) global industry group.

The awards and recognition that come in the way are indication of the fact that RT Outsourcing Services Limited that started its journey way back in 1995 has today become the number one Reverse Logistics Services Company in the country.
